DEDICATION

We, the yearbook staff of Harry Ells High, dedicate this book to Mr. Frank Porto in appreciation of his outstanding efforts in making Harry Ells High a school that we can all be proud of. Even though he could feel the resentment of students in coming to Harry Ells, he didn't let it discourage him, rather he worked twice as hard in promoting the school spirit which the students lacked.

His school year began last June when the doors of Harry Ells were reopened. He put aside all ties to his previous schools and concentrated his efforts on making Harry Ells the best school in the district. His major concern was and always will be the students and their ideas. His past proves his concern for the youth, as he gave up an opportunity to go into professional football in order to teach and work with the youth.

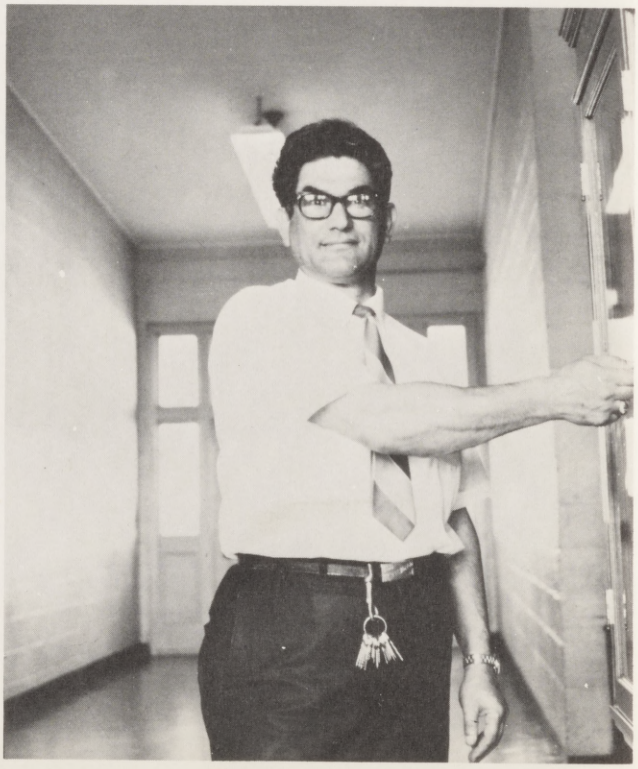

This year Mr. Porto's job was not an easy one. Long before the school year started he knew the feelings and frustrations of the students. Due to this fact, he sacrificed his entire summer in organizing and making new plans for the coming school year. Mr. Porto did everything he could in trying to establish a school, even though it seemed that everything was going against it. Lack of funds, facilities, and faith did not affect his desire to give Harry Ells a name. Always pleasant and smiling he gave everything he had, including money, for the promotion of our school.

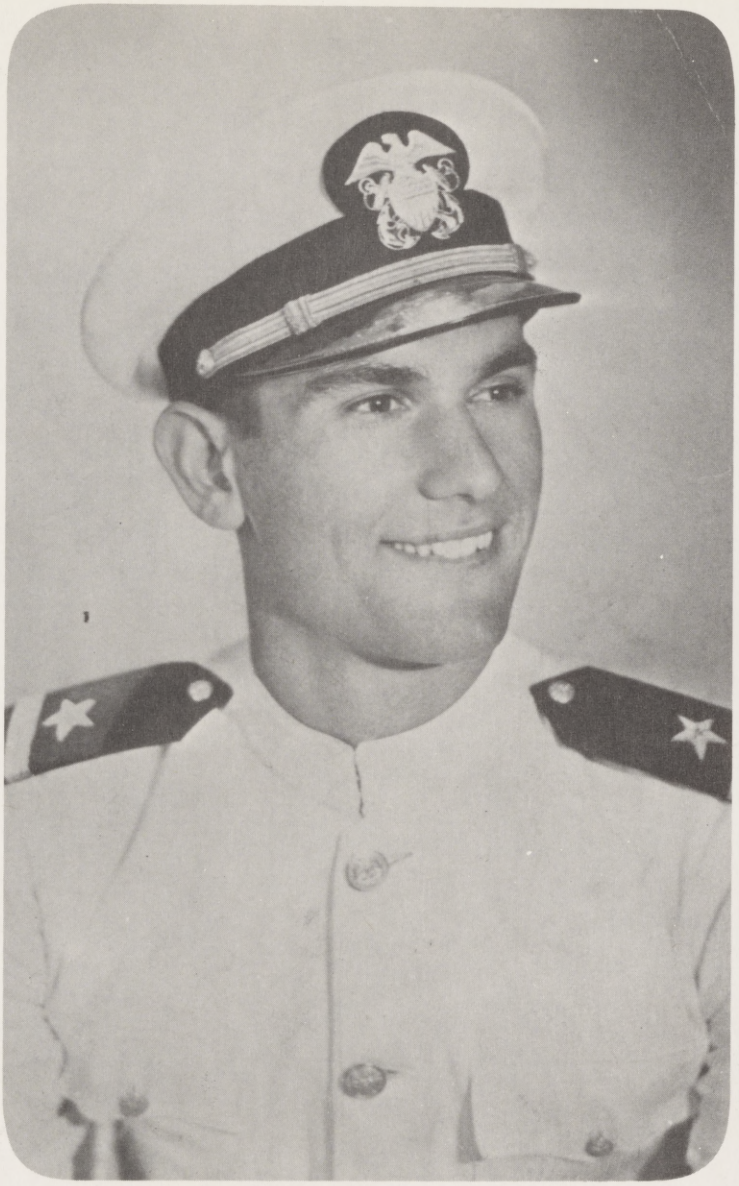

So, we thank you, Mr. Porto, for laying a foundation down, and opening a whole new road for the students of Harry Ells. You gave us hope where we had given up, and the courage to go on. As for the future, we just hope that we can keep on building onto what you have already done for Harry Ells High School.

Thank You,

The Yearbook Staff, 1971

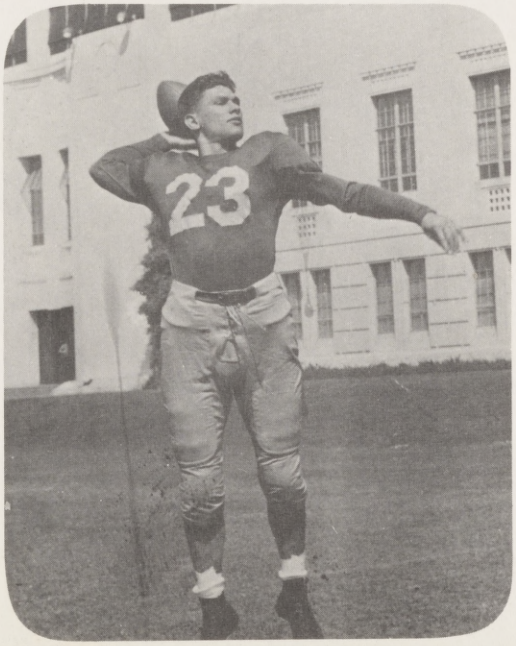

Ensign in the United States Navy.

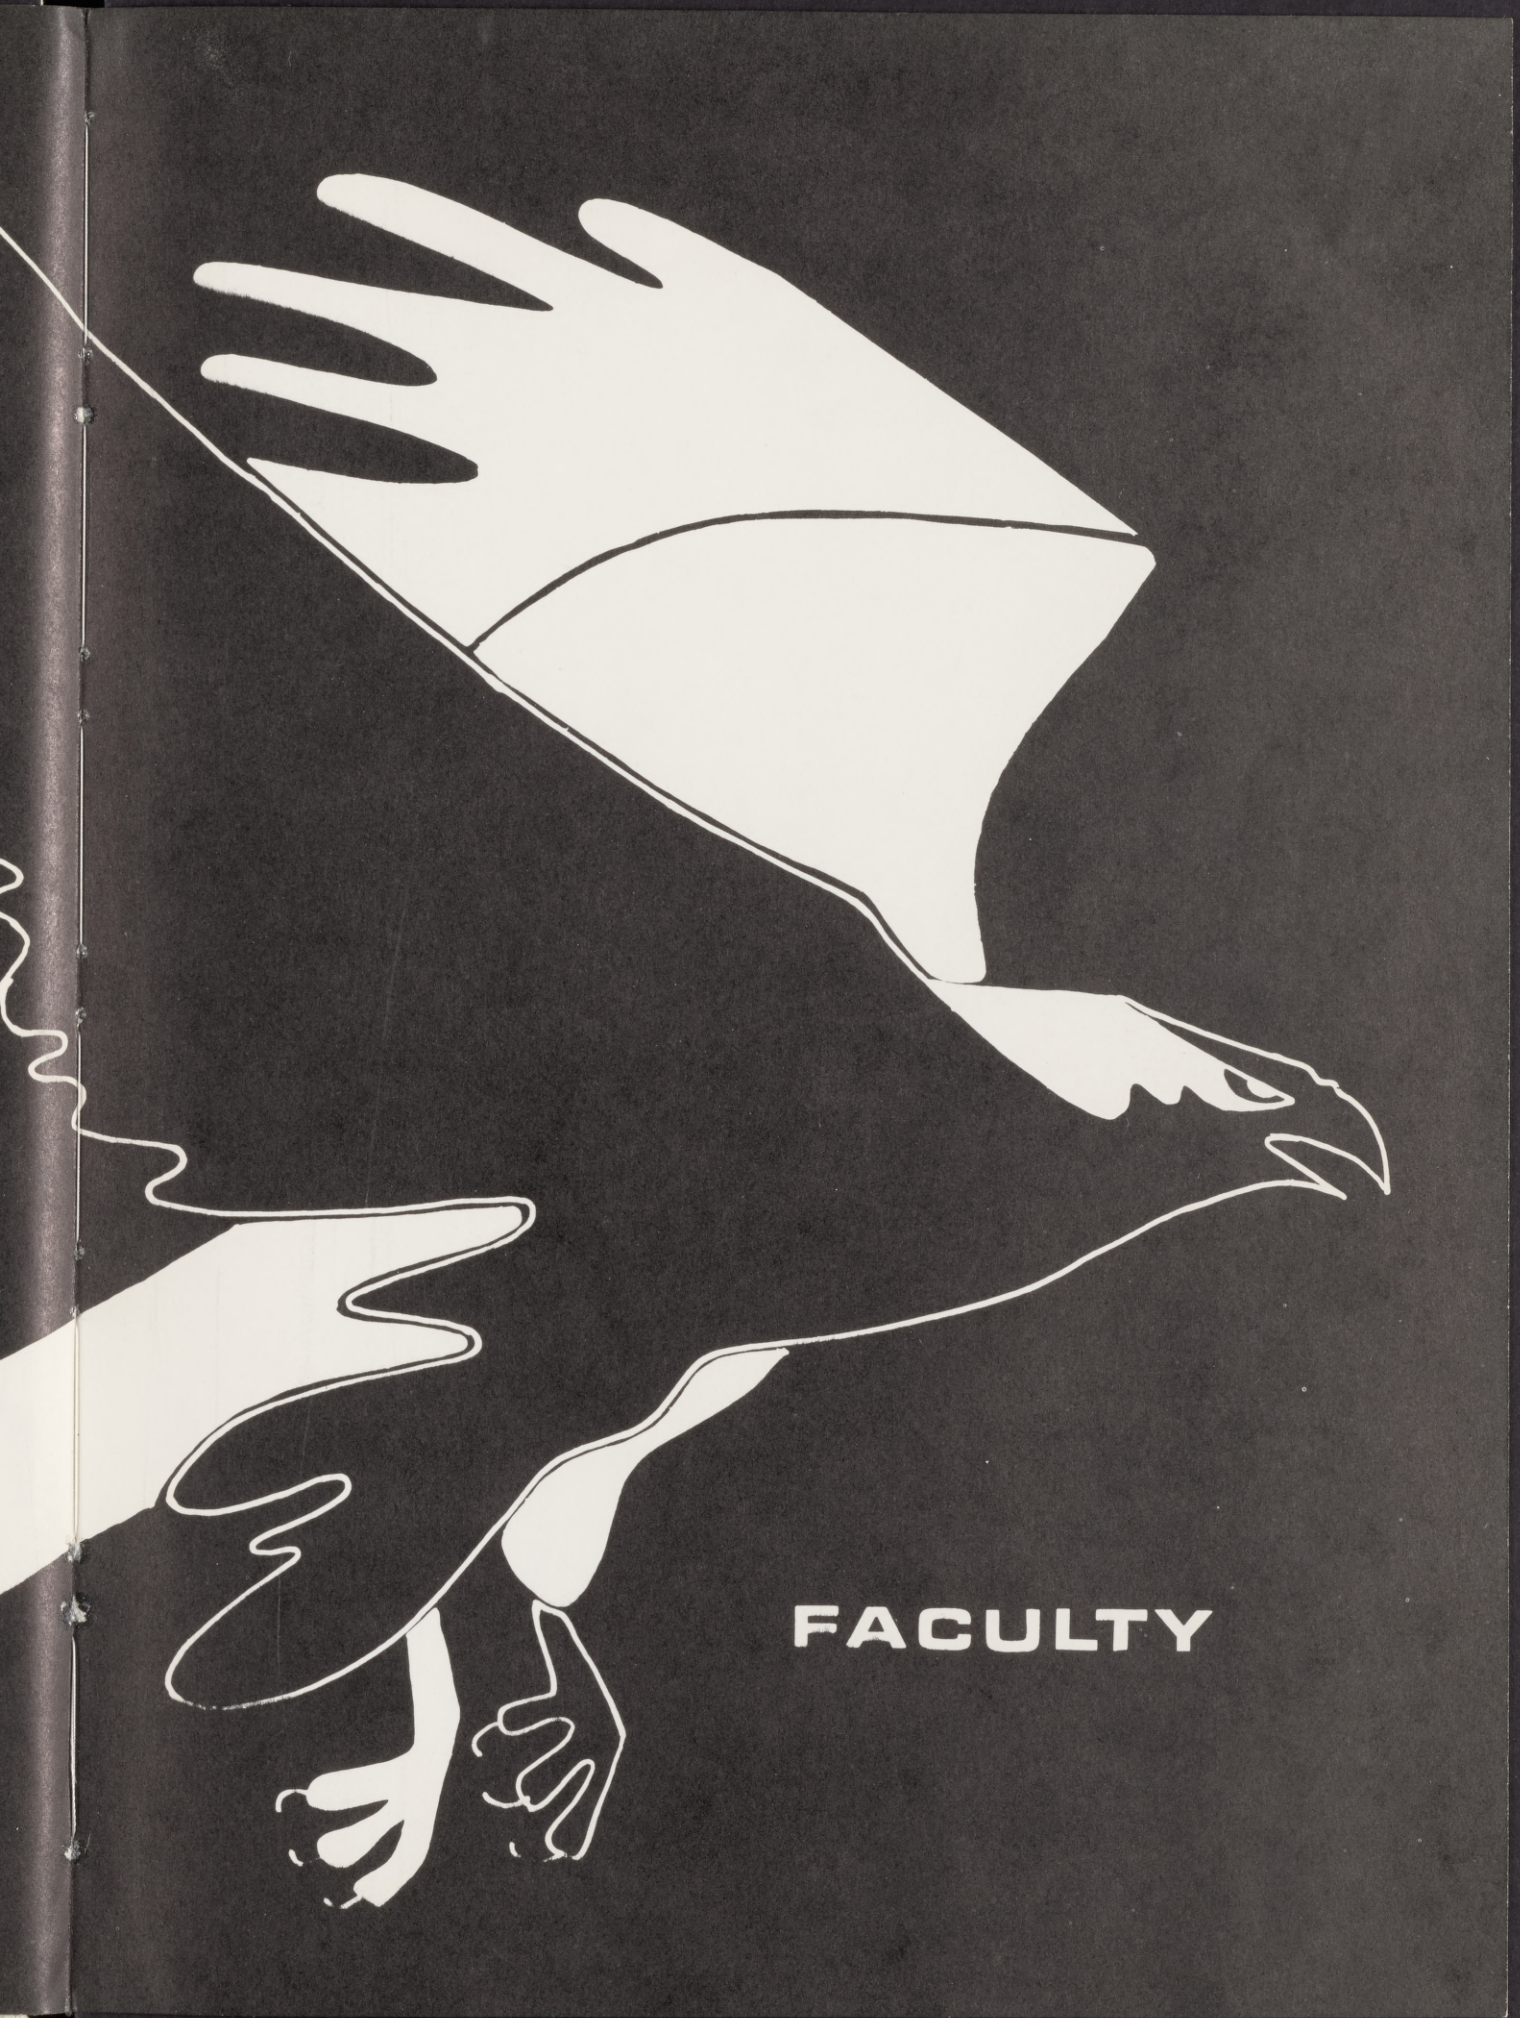

As precious child

Halfback on the Cal Football Team

FACULTY

Mr. Elmer McCormick

September 1970 brought the rebirth of Ells High School today known as the "Falcons". Thanks to the summer help of many students we had a successful Fall opening.

Many students brought concerns about leaving established friends; facing the unknown; and finding new people who care.

I believe the heart of any school is built around the people who make it up. It has been my goal to build a faculty and select personnel who do care; care enough to expect every student to succeed, to achieve, and to assume responsibility.

I have confidence that the students and faculty working together will establish traditions and set standards for Ells that we will all be proud of.

The success of our goals will be measured in terms of your personal growth.

Elmer W. McCormick
Principal

Harry Ells High School has a rich history with fine traditions and alumni who have earned honor and distinction in many fields. We are separated from this past by a three-year hiatus so we must strive to overcome this break in our history. We should select the best traditions and mix them with our excellent faculty and outstanding student body and the result will be, must be, the best school in the district.

We are rebuilding Harry Ells High School secure in the knowledge that many additional honors will be won by alumni of this school.

W. Robert Dycus
Instructional Vice
Principal

This has been a difficult year for all students, teachers and administrators at Ells High School. It is not easy to accept change. However I feel that you have met this challenge in a mature and positive way. With continued effort you will set the pattern and tradition for the following students to achieve. Congratulations.

Mr. Frank Porto
Administrative Vice Principal

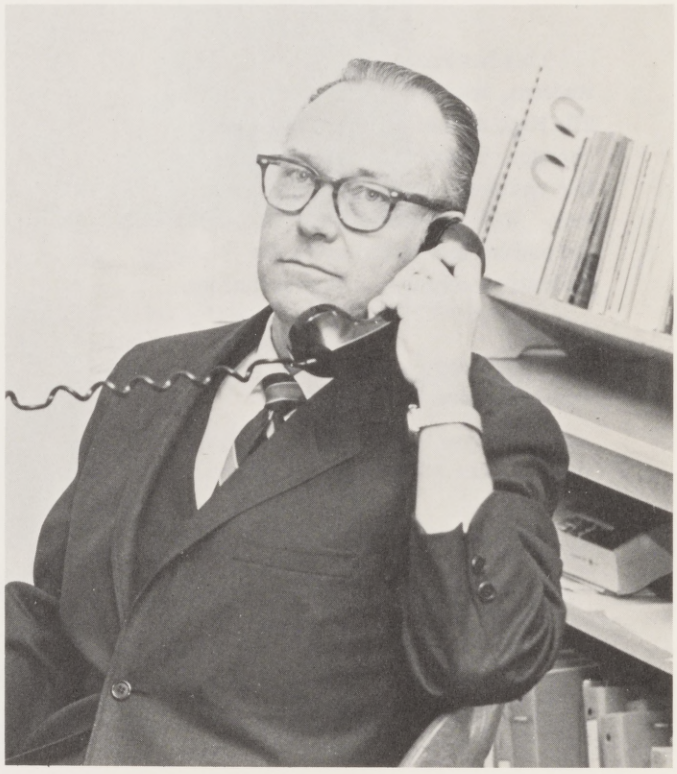

Miss Linda Ferrill

I have had a challenging and rewarding year at Ells. This quote by Dr. Carl Rodgers expresses how I feel about counseling--"People are just as wonderful as sunsets if I can let them be. I don't try to control a sunset. I watch it with awe as it unfolds, and I like myself best when appreciating the unfolding of a life."

Linda Ferrill
Counselor

I am very happy to have been selected to stay here at Harry Ells. The students are wonderful and the faculty is great. In the near future, I feel that Harry Ells will be one of the leading high schools in the bay area and will have an outstanding yearbook.

Sincerely,
Mr. F.D. Bennett
Counselor

Mr. Fred Bennett

Mr. Anderson

The challenge of helping Harry Ells High become a first class school is a demanding, exacting and interesting task. I feel that the administration, faculty and a vast majority of the students are rising to the challenge and accomplishing a great deal. On occasion I run into a student who is "copping out" and falling back on the lame excuse "I'd rather be somewhere else." I am positive that in the near future we at Ells will be at the top in scholastic, athletic and all areas. Let's all work together and do it.

Mr. Anderson
Counselor

I am very happy to have been a part of the first year of the new Harry Ells High School. I feel that the students, parents, faculty and administration have worked very hard in every way to make this a successful and exciting year.

Mrs. A. Thompson
Counselor

Mrs. Thompson

Mr. John S. Enos

Congratulations to us all who have shared in the experience of starting the "new" Ells. When we came together some of us had misgivings, but as the school year progressed we became "Falcons," we became a student body with pride and unity—we became "all together." I look forward to next year when an even greater spirit and unity will prevail.

Congratulations and thanks to all who are helping to achieve the friendly Ells spirit.

John S. Enos
Dean of Boys

To the Falcons

How great was this year with the students around at Harry Ells High School where the action is found.

Tremendous and fantastic is each girl and each boy. To all of you I can Say: Right on and enjoy!

THANK YOU. . .

This year has been a trying experience for us all. We've gone from a school split in half in ideas, to one which has proven to be really together. In this yearbook we have tried to tie together all the ideas and feelings of the students.

The yearbook staff has a lot to be thankful for this year. We wish to thank the administration, with a special thanks to Mr. Robert Dycus for his time and effort, and the faculty for their help and understanding of the problems of the yearbook. We also wish to thank Miss Nancy Chu who managed to give us a lot of her time and help. A very warm thank you goes to Mr. Dennis DeSilva of Studio 7 who generously gave us his time and talent, and Mr. P. Brown who helped us meet many of our deadlines.

We also are extremely grateful to those who helped us out financially. We especially wish to thank the Harry Ells High School alumni class of '58, '59, and '60, under the direction of Mr. Bill Whiting who donated much time and money to our cause. Thank you again to the many, many others who answered our need.

Finally we want to thank you the students for just being yourselves. We love and thank you all for your support.
